Quarter Peal Day Draft Programme 2008

Saturday 13th September

Please find herewith a draft programme for this year's event. In compiling the programme I have tried to include some towers which missed out last year, and vice versa. At the same time, I have tried to make it more of a 'day out' so that people can join all or part of the route, share transport where appropriate, and meet up for refreshments. Once again, where more than one quarter is planned for the same time, the final programme will depend on the numbers available. Please let me know asap of any problems with the logistics - or if you would like to ring in or conduct a particular quarter.

Many thanks,

Martin G Tubbs 01723 850000
